We invite you to join us **12th International Conference on Data Mining (DaMi 2026)**.

This conference) is a premier global forum dedicated to advancing the science, engineering, and practice of data mining and knowledge discovery. As data continues to grow in scale, complexity, and diversity, DaMi 2026 brings together researchers, practitioners, and industry innovators to explore the latest breakthroughs in machine learning, generative AI, large scale analytics, graph intelligence, multimodal mining, and responsible data driven systems.

Highlights of DaMi 2026 includes:

- 12th International Conference on Image Processing and Pattern Recognition (IPPR 2026)
- 13th International Conference on Computer Science and Information Technology (CSIT 2026)
- 14th International Conference of Security, Privacy and Trust Management (SPTM 2026)
- 15th International conference on Parallel, Distributed Computing and Applications (IPDCA 2026)
- 12th International Conference on Software Engineering (SOENG 2026)
- 12th International Conference on Artificial Intelligence and Soft Computing (AIS 2026)
- 7th International Conference on Natural Language Processing & Applications (NLPA 2026)
- 7th International Conference on Advanced Machine Learning (AMLA 2026)
- 7th International Conference on Big Data and Applications (BDAP 2026)
